

Alesta[®]

The Industrial Collection

Industrial powder coatings

EN Industrial powder coatings

Different finishes and a range of colours suited to industrial design, designed to help high surface defects and provide improved scratch resistance.

Thermosetting Powders

Polyester powder coatings with good outdoor durability for industrial purposes. All these colours are available from stock. Deviation of colour effect can occur, depending on the application. Please consult our technical documentation before application.

FR Revêtements en poudre industriels

Différentes finitions et couleurs adaptées au design industriel, conçues pour aider à masquer les imperfections du support et offrir une meilleure résistance à la rayure.

Poudres thermodurcissables

Revêtements en poudre polyester avec une bonne durabilité à l'extérieur pour des applications industrielles. Toutes ces teintes sont disponibles en stock. Des variations de teintes peuvent apparaître en fonction des paramètres d'application. Consultez notre documentation technique avant l'application.

DE Industrielle Pulverbeschichtungen

Verschiedenen Varianten und eine Farbauswahl, die speziell für industrielle Anwendungen geeignet sind. Entwickelt, um auch bei stärkeren Oberflächenfehlern noch eine harmonische Oberflächenbeschichtung zu erzielen und eine erhöhte Kratzfestigkeit zu garantieren.

Thermisch härtendes Pulverlacksystem

Polyester-Pulverbeschichtungen mit hoher Lebensdauer im Aussenbereich und zum Einsatz für industrielle Zwecke. Alle gezeigten Farbtöne sind ab Lager lieferbar. Je nach Art der Anwendung können Abweichungen im Farbeffekt auftreten. Bitte beachten Sie vor der Applikation unsere technische Dokumentation.

IT Vernici in polvere per l'industria

Svariate finiture e una gamma di colori ideali per il design industriale, progettate per nascondere i difetti della superficie e offrire una migliore resistenza ai graffi.

Polveri termoindurenti

Vernici in polvere poliesteri con buona durata in ambienti esterni per applicazioni industriali. Tutti i colori sono disponibili a stock. Una volta applicati, i colori possono subire variazioni a seconda dell'uso. Consultare la documentazione tecnica prima dell'impiego.

ES Recubrimientos en polvo para aplicaciones industriales

Diferentes acabados y una amplia gama de colores, adecuados para el diseño industrial y diseñados para corregir defectos importantes de la superficie y proporcionar una mejor resistencia a los arañazos.

Pinturas en polvo termoendurecibles

Pinturas en polvo de poliéster con una buena durabilidad en aplicaciones industriales de exterior. Todos estos colores están disponibles en stock. Dependiendo del tipo de aplicación, podrían apreciarse ligeras diferencias en el aspecto final de los productos con este tipo de efecto. Consulte nuestra documentación técnica antes de aplicar la pintura.

SE Industriella pulverlackeringar

Olika ytor och ett brett utbud av färger som passar industriell design, gjorda för att motverka ytdefekter och tillhandahålla en förbättrad reptåligghet.

Termohärdande pulverfärg

Polyesterpulverfärger med bra väderbeständighet för industriell användning. Alla dessa färger finns i lager. Färgavvikelser kan förekomma, beroende på appliceringen. Var vänlig konsultera vår tekniska dokumentation innan applicering.
